

**Dear business partners
and friends of Four Points by Sheraton Ljubljana,**

We are pleased to share refreshing news about the upgrading of the Four Points by Sheraton Ljubljana hotel. We strive to continuously follow the modern hospitality trends and improve our services for you. In 2019 / 2020 we decided to increase and refresh hotel capacities.

When and what will be renewed?

On February 1, 2019, external works will begin. We are planning to build a new wing with 122 new hotel rooms by 2020, a new entrance and a reception area, a smaller pool, saunas and covered parking. During renovation, we will build and refresh both our restaurants and our bar.

Modified access to the hotel

This investment is crucial for assuring quality services for our guests. Such refreshments are normally associated with some noise in the daytime and a changed accessing regime to the hotel. We are planning to close the upper parking lot for construction purposes. You will be able to park your car and access the hotel from the lower car park. Other hotel services will be in accordance with our standard procedures. With your events and your guests in mind, we guarantee that we will do everything in our power to make everything run smoothly.

**Thank you for your understanding and kind regards.
Your team of Four Points by Sheraton Ljubljana**
